Celebrating our 2018 sustainability successes

Did you know that...?

We are supporting 5348 global entrepreneurs in developing countries with over £59,800 of microfinance investment enabling growth of businesses and sustainable communities to flourish.

We have raised over £1.478m for charitable causes since 2007.

Our environmental management system is compliant with ISO14001.

We comply to the Energy Savings Opportunity Scheme, report to the Carbon Disclosure Project, and have signed our commitment to set science-based emissions targets.

Colleagues have brought shared value and skills to 49 UK charities, creating sustainable impact and enabling local communities to thrive.

We aim to deliver 82 work experience placements to disadvantaged students in 2018 to raise aspirations and improve access to the firm.

We have launched the School Enterprise Programme to develop financial literacy and entrepreneurial skills in young students.

We have reached 1440 Year 7 students.

We have launched the School Enterprise Programme to develop financial literacy and entrepreneurial skills in young students.

We have reached 1440 Year 7 students.

We have reduced our paper consumption by 19% which is the equivalent of saving 453 trees.

We are an accredited Living Wage employer.

Grant Thornton UK received The Queen’s Award for our work promoting opportunity through social mobility and was ranked No. 1 in the first ever Social Mobility Employer Index.

We have developed a programme to support refugees into meaningful employment by offering work experience placements, skills based workshops, and mentoring.
